HELP STOP THE NEXT PITTSBURGH

**[Sign the Petition](#)...And join more than
15,000 people calling UCLA to cancel
hosting an antisemitic Conference!**

The following is a personal message from Adam Milstein

The devastating tragedy at the Tree of Life Synagogue in Pittsburgh happened because of antisemitism. It's clear that we cannot ignore this hatred any longer and those who condemn antisemitism cannot sit idly by, waiting for the next attack to strike.

UCLA, one of the largest public universities in the nation, is allowing a national antisemitic organization called Students for Justice in Palestine (SJP) to host a closed conference on their campus from November 16-18.

SJP's members regularly call to kill Jews—just look at the image below showing messages from members of SJP. They have even invited convicted terrorists to speak at the conference!

I urge you to sign this petition, which calls on UCLA to stop a conference of people who support the murder of Jews, and to spread the word that antisemitism will no longer be tolerated in America.

Even members of Congress have now joined the effort in asking UCLA to cancel the conference. (Read Congressman Brad Sherman's (D-CA) letter to UCLA's Chancellor Gene Block [here](#)).

Antisemitism is not just against Jews, it's against all of us who value humanity.

Please stand up and fight antisemitism with me.
